In accordance with Part F, clauses 4 and 5, of Water License N3L8-1838 we inform you that our crew intends to mobilize to Aklavik on Wednesday, July 5 and to commence construction the following day.

13 units of the Bioreclaim™ solution will be shipped and stored at NTPC's site, which is fenced. The solution will be reconstituted with fresh water as needed and sprayed onto soil as it is placed in the biocell. Additional solution may be applied to existing bagged soil.
