Subject: RE: Notification of commencement of construction

Good Morning Margaret,

Just for reminder:

As required by WL N3L8-1838 Part F, Item 5: *"A minimum of ten (10) days prior to commencement of construction of the bio-treatment facility and water treatment system, the Licensee shall provide written notification to the inspector"*.

As required by WL N3L8-1838 Part G, Item 1: *"The Licensee shall, at least five (5) days prior to mobilization, submit a Remediation and Reclamation Action Plan for the Project to the Board for approval"*.

Sincerely,

Bijaya Adhikari, PhD
Science and Regulatory Coordinator
Inuvialuit Water Board, Inuvik NT

Subject: Notification of commencement of construction

In accordance with Part F, clauses 4 and 5, of Water License N3L8-1838 we inform you that our crew intends to mobilize to Aklavik on Wednesday, July 5 and to commence construction the following day.

13 units of the Bioreclaim™ solution will be shipped and stored at NTPC's site, which is fenced. The solution will be reconstituted with fresh water as needed and sprayed onto soil as it is placed in the biocell. Additional solution may be applied to existing bagged soil.

Please contact me if any further information is required.

Regards,

Margaret Allan, M.Eng., P.Eng., P.Geo., EP(CEA)
Principal Engineer
