**Attachments:** N5L3-0714 Hamlet of Tuktoyaktuk - EISC Comments.pdf

Good Morning Katrina

We are completing the review and comment process for the Hamlet of Tuktoyaktuk municipal water licence renewal application. We are mandated to provide the application to various government and Inuvialuit organizations within the ISR for review and comment. One of these organizations is the Environmental Impact Screening Committee (EISC) at the Joint Secretariat. We received the attached letter from the EISC regarding the Hamlet of Tuktoyaktuk renewal application.

In order for the IWB to complete our process, the Hamlet must complete the EISC screening process. The IWB would like to complete our licence renewal process prior to November 20, which is the expiry of the Hamlet of Tuktoyaktuk water licence, so we encourage you to complete the EISC process as soon as possible.

Please contact Michel Lindsay at the EISC if you have any questions regarding their process.

Thank you

Mardy

Good afternoon Mardy,

Please see the EISC comments for the renewal application N5L3-0714 Hamlet of Tuktoyaktuk.

Let me know if you have any questions or concerns.

I will be out of the office from October 17th to October 25th, 2018 so if anything does require my attention, there may be a delayed response.

Kind regards,

Michel Lindsay

Good Morning,

The Inuvialuit Water Board (IWB) has received a renewal application for N5L3-0714 Hamlet of Tuktoyaktuk - Type "B" Municipal Water Licence which is due to expire on November 20, 2018. The IWB request your review and comments on this renewal application pertaining to the potential conflicts with the land claim agreement and/or environmental screening and review processes.

The application package includes:

1. Water Licence Application – Schedule C
2. Questionnaire for Municipal Undertaking
3. Spill Contingency Plan (revision - Sep 2018)
4. Sewage Disposal Facilities Operation and Maintenance Plan (revision - Sep 2018)
5. Solid Waste Disposal Facilities Operation and Maintenance Plan (revision - Sep 2018)

The above pdf files (1 to 5) are posted to the Dropbox and can be accessed by clicking the following link or copy and paste the link to your browser:

<https://www.dropbox.com/sh/nekvjuf5ippd7zw/AABWpncSBzXgJPSXPzpgmAAea?dl=0>

Please provide your written comments by **November 9, 2018 Friday**. If no response is received by the due date, we will assume that your organization has no comments with the submitted application.

Written submissions can be sent to:

**Executive Director**  
**Inuvialuit Water Board**  
**P.O. Box 2531**  
**Inuvik, NT X0E 0T0**  
**Email:** [semmlerm@inuvwb.ca](mailto:semmlerm@inuvwb.ca)

Should you require further information or clarification, please contact me at 867-678-8610 or Mardy Semmler, Executive Director, at [semmlerm@inuvwb.ca](mailto:semmlerm@inuvwb.ca) or phone 867-678-8609.

Thank you,

Bijaya

## **ENVIRONMENTAL IMPACT SCREENING COMMITTEE**

**October 16, 2018**

Mardy Semmler  
Executive Director  
Inuvialuit Water Board  
PO Box 2531  
Inuvik, NT  
X0E 0T0

**RE: RENEWAL APPLICATION – N5L3-0714 HAMLET OF TUKTOYAKTUK**

Dear Ms. Semmler:

The Environmental Impact Screening Committee (EISC) has the responsibility to screen proposed developments within the Inuvialuit Settlement Region and you as a Competent Authority may issue a licence, permit or other authorization that would authorize in whole or in part the carrying out of a development. This includes any revisions to the original project.

Section 11(36) states *“No licence or approval shall be issued that would have the effect of permitting any proposed development to proceed unless the provisions of this section have been complied with”*.

In the case of government projects undertaken within the municipal limits of a community located in the Inuvialuit Settlement Region, the EISC must first determine whether or not the activities would directly affect wildlife resources outside the municipal limits as stated in the Inuvialuit Final Agreement’s definition of ‘Development’.

In order for the Environmental Impact Screening Committee to fulfil its mandate with respect to the proposed revisions outlined in the renewal application submitted to the Inuvialuit Water Board, the Proponent is required to submit a project file to the EISC Registry for to determine whether or not the activities would affect wildlife resources outside the municipal limits.

If you have any questions on the above information, please do not hesitate to contact me directly.

Sincerely,

Michel Lindsay  
EIS Coordinator, Environmental Impact Screening Committee
