Sheldon Scyrup  
Team Lead, Environment & Regulatory  
Chevron Canada Resources  
500 - Fifth Avenue SW  
Calgary, AB T2P 0L7

Dear Mr. Scyrup:

**Re: N7L1-1772 – Chevron Canada Ellice, Mallik and North Langley Winter 2001/2002 Seismic Program – Licence Closure**

On November 8, 2018, the Inuvialuit Water Board (IWB) reviewed Water Licence N7L1-1772 issued to Chevron Canada for the Ellice, Mallik and North Langley Winter 2001/2002 Seismic Program. The IWB also reviewed the final inspection report completed by Environment and Natural Resources (ENR) Water Resource Officer Lloyd Gruben on September 13, 2108 recommending licence closure.

Following a review of these documents, the IWB passed Motion #440-04 to close Water Licence N7L1-1772. With this closure, the IWB will recommend to the Minister of ENR to return the security deposit held in association with the licence.

If you have any questions regarding the closure of this licence please contact Mardy Semmler, IWB Executive Director, at 867-678-8609 or at [semmlerm@inuvwb.ca](mailto:semmlerm@inuvwb.ca).

Sincerely,

Roger Connelly  
Chairperson
