Dear Ms. Jasra:

Re: N7L1-1803 – Imperial Oil Ventures Ltd. - Mackenzie Delta 2005 Winter Field Geotechnical Investigation Program – Licence Closure

On November 8, 2018, the Inuvialuit Water Board (IWB) reviewed Water Licence N7L1-1803 issued to Imperial Oil Ventures Ltd. for the Mackenzie Delta 2005 Winter Field Geotechnical Investigation Program. The IWB also reviewed the final inspection report completed by Environment and Natural Resources (ENR) Water Resource Officer Lloyd Gruben on September 13, 2018 recommending licence closure.

Following a review of these documents, the IWB passed Motion #440-04 to close Water Licence N7L1-1803. With this closure, the IWB will recommend to the Minister of ENR to return the security deposit held in association with the licence.

If you have any questions regarding the closure of this licence please contact Mardy Semmler, IWB Executive Director, at 867-678-8609 or at semmlerm@inuvwb.ca.

Sincerely,

Roger Connelly
Chairperson
