**Subject:** Hamlet of Tuktoyaktuk, Municipal Water Licence - 2017 Annual Report N5L3-0714

Hi Bijaya,

Just going through the letter dated October 01, 2018. Answers listed below.

1. I haven't done the inventory yet as the items in the fenced area is under 2 feet of snow. I'm hoping to have it done next week, weather permitting.
2. No Sludge have been removed for 2017.
3. SNP-0714-2 and SNP-0714-3:
  - SNP-0714-2 results were done prior to decanting and when completed.
  - SNP-0714-3 was done once as there was no decanting during 2017.
4. No documents were given to me from the inspector but I will check with our acting SAO to see if any were given to our previous SAO.

Note: The inventory will be for the last 2 years, 2016 and 2017. We also fenced in the Temporary Hazardous Waste Storage Area with signs put up.

Sorry that the above mention information took so long to get to you. Can you give me a call at 678 0396 once you receive this email.

Regards,
