**Subject:** RE: N5L8-1840 ECCC WL Application - Mould Bay Causeway Repair

Good morning,

For future reference the email [ulu\\_community\\_corp@hotmail.com](mailto:ulu_community_corp@hotmail.com) is no longer in use.

The Ulukhaktok Community Corporation held their regular meeting on Monday, March 4<sup>th</sup> and have made a few comments for repairing the existing causeway for the work to take place at Mould Bay, Prince Patrick Island, NT.

They would like to ensure that wildlife and environmental monitors are hired (locally) and to do any gravel checks if possible.

Should you have any questions please do not hesitate to let our office know.

Thank you,
