Dear Mr. Adhikari

RE: N7L1-1915 MGM Energy Taktuk, Langley and Farewell Drilling Unipkat M-45/ Kumak I-25 Sump-2018 Environmental Monitoring Report

MGM Energy (“MGM”) has received the letter requesting additional information regarding the above mentioned Licence from the Inuvialuit Water Board (“IWB”). MGM is providing the information below to satisfy the request:

1. Part B, Item 1a) 0m³
2. Part B, Item 1b) 0m³
3. Part B, Item 1c) Not Applicable
4. Part B, Item 1d) Not Applicable
5. Part B, Item 1e) See Report previously filed
6. Part B, Item 1f) See Report previously filed
7. Part B, Item 1g) Not Applicable
8. Part B, Item 1h) Not Applicable

MGM is enclosing two electronic copies of this letter with this submission. MGM would note that other regulators in the Northwest Territories have registries that allow for proponents to make electronic submissions which is both more efficient and better for the environment. Does the IWB have any plans to move forward with such a registry? Lastly, MGM would note that letter sent to MGM is noted as MGM Energy Corporation, it should be just MGM Energy.

Respectfully,
MGM Energy

Terence Hughes
