Dear Mr. Clark:

Re: N3L8-1838 – Northwest Territories Power Corporation, Remediation and Reclamation - Aklavik Former Power Plant Site – Water Licence Renewal

Upon review of the annual project status reports submitted by the Northwest Territories Power Corporation (NTPC), the Inuvialuit Water Board (IWB) has determined that additional biotreatment of contaminated soil will be required beyond the December 31, 2019 expiry date of Water Licence N3L8-1838.

In recognition of this requirement and in accordance with *Waters Act s.36 (1) (a) (ii)*, the IWB has renewed Water Licence N3L8-1838 for an additional three (3) years, with an effective date of January 1, 2020 and expiry date of December 31, 2022. All other terms and conditions of Water Licence N3L8-1838 as originally issued will apply to this renewal. The water licence renewal is attached.

A copy of this renewal and all associated documentation has been filed on the IWB Public Register. Copies are available at the IWB office and on the IWB website at www.inuvwb.ca.

The IWB appreciates the continued cooperation of NTPC in complying with all terms and conditions of the licence. Should you have questions or concerns, please contact Mardy Semmler, Executive Director, at 867-678-8609 or semmlerm@inuvwb.ca.

Sincerely,

Roger Connelly
