Dear Mr. Behrens:

Re: N3L3-0570 – Hamlet of Aklavik Municipal Water Licence – Annual Report

The Inuvialuit Water Board (IWB) acknowledges receipt of the Annual Report submitted electronically (via E-mail) by the Hamlet of Aklavik on March 12, 2015. The IWB has reviewed the Annual Report submission and provide the following:

1. As required by Part B, Item 1e, the Licensee shall submit to the IWB the tabular summaries of all data generated under the “Surveillance Network Program (SNP)”. As per Surveillance Network Program Part B, Item 1, Licensee shall sample twice annually at Station 570-3, once immediately after break-up and once prior to freeze-up and analysed for the parameters as specified, therefore the Licensee should provide the following information:
 - Tabular summaries of all data generated under SNP; and
 - If sampling was not conducted and data not generated during the year of reporting, provide the reasons to the Board. The Licensee reported “N/A”.
2. In accordance with Part B, Item 1g, provide an outline of any spill training and/or other operator training carried out during the year.
3. According to Water Licence Part B, Item 1k, information is required if there were any results of any inspections of all dams, berms, dykes and control structures during the year.
4. Pursuant to Part B, Item 1l, information is required of results of yearly staff inspections of the Solid Waste Disposal Facility and any corrective actions, as necessary during the reporting year.
5. Further to Water Licence Part B, Item 1m, information is required of any correspondence between the Inspector and the Licensee during the reporting year.

Should you have any comments with regard to the requested information, do not hesitate to contact me at 867-678-8610 or adhikarib@nwtwb.com.

Sincerely,

Dr. Bijaya Adhikari
Science and Regulatory Coordinator
