Dear Mr. Bannon:

Please find attached to this letter an application for amendment to Water Licences N7L3-0570, N7L3-1525 and N7L3-0714. The purpose of this amendment is to obtain approval for upgrades to the existing water treatment plants in Aklavik, Ulukhaktok and Tuktoyaktuk. Upgrades to these facilities will affect only the buildings and water treatment systems. The water source, intake locations, building locations and truckfill delivery systems will all remain the same.

The attached application forms describe the proposed upgrades in further detail. Please review and notify us if you require further information regarding our application. Once the drawings have been completed for the proposed upgrades, a copy will be forwarded to the Northwest Territories Water Board. Please do not hesitate to contact us with any questions or concerns you may have. You may reach us at (867) 920-4555. We look forward to working with you in completing the application process.

Yours sincerely,
