Dear Sir or Madam:

**Re: Request for 90 Day Extension to Hamlet of Tuktoyaktuk Water Licence (N7L3-0714)**

On behalf of the Hamlet of Tuktoyaktuk, we are requesting a 90 extension to the Hamlet's current Water Licence that expires on June 27, 2009.

The Hamlet has been working with AECOM to compile the necessary background information in support of the water licence renewal application, however the compilation of this information has taken longer than anticipated. Therefore, in order to have a complete report that provides a comprehensive picture of the Hamlet's water licence related activity over the past 4 years, the Hamlet is requesting a 90 day extension.

The work by AECOM will also include the preparation of Annual Reports over the past 5 years, which is a non-compliance issue that has been documented in the 2008 inspection report.

If you have any questions regarding this request, please contact Jackie Nogasak-Thrasher at 867.977.2286.

Sincerely,  
**AECOM Canada Ltd.**
