Dear Sir or Madam:

Re: Request for 180 Day Extension to Hamlet of Tuktoyaktuk Water Licence (N7L3-0714)

The Hamlet of Tuktoyaktuk is requesting a 180 day extension to the Hamlet's current Water Licence that expires on November 30, 2013.

The Hamlet has been working to compile the necessary background information in support of the water licence renewal application; however the compilation of this information has taken longer than anticipated. Therefore, in order to have a complete report that provides a comprehensive picture of the Hamlet's water licence related activity over the past 3 years, the Hamlet is requesting a 180 day extension.

If you have any questions regarding this request, please contact Tom Matus at 867-977-2286.

Sincerely,

Tom Matus, SAO
