Attention: Ms. Vicki Losier
Executive Assistant

Dear Ms. Losier:

Re. Surveillance Network Program Report
NT Water Board License N7L1-1781
EnCana Kamik Seismic Program

Please be advised that there were no camps located within the EnCana West Ltd. (formerly AEC West Ltd.) Kamik seismic program area during the month of April 2002. All seismic activity during this period was completed by Delta Trace Ltd. personnel housed in Tuktoyaktuk. Consequently, we have no grey water discharge data to report at this time. Please note that the Kamik seismic program was completed in April and, as such, we will have no further data to report under the Water License.

We trust that the foregoing information is satisfactory for your present requirements. If you have any questions or concerns, please do not hesitate to contact the undersigned.

Yours truly,

Bruce MacEachern
